

## *Library Recommendation*

I have reviewed the recent issue of **Applied Rheology** and feel that this journal would be a valuable asset to the library collection for the following reasons:

- ☐ Reference (I need to refer to Applied Rheology often in the course of my work)
- ☐ Relevance (AR is directly related to my research and is an important source of information)
- ☐ Student Access (It is critical that students have access to AR to best facilitate their academic pursuits)
- ☐ Personal Affiliation (As a member of the editorial board I strongly support AR as high-quality resource)
- ☐ Other: .....
