Announcements of the Individual European

National Rheological Societies

Time period September 2002 to February 2003

The international bimonthly journal Applied Rheology offers all European rheological societies an extended platform for communication with their members and other rheologists.

Two special issues of Applied Rheology each year provide a number of pages dedicated to announcements from rheological societies. These may be a meeting announcement for the members of your society, an activity supported by your society, address changes, etc. In addition there will be also some space reserved for individual announcements. The motivation behind this offer is to collect the announcements that are usually transmitted to us by individual members of the national societies or conference organizers and then printed throughout the year in Applied Rheology.

Strict deadlines for providing information to be printed in these special issues are February 1st and August 1st, respectively. We are able to offer sending these special issues – which as usual contain scientific contributions, patents, conference calendar and conference reports, buyers guide, news – to all members of your community at a very reduced rate, or even without extra charge, depending on the current agreement between your society and Applied Rheology.

NORDIC RHEOLOGY SOCIETY

■ **First call and Invitation to the 12th Nordic Rheology Conference 2003**

**Torshavn, The Faroe Islands, 1-3 June 2003
Rheology of Suspensions and Emulsions**

Chairman: Joannes Djurhuus, Frodskaparsetur Føroya, Torshavn, The Faroe Islands.

The Nordic Rheology Society cordially invites all those interested in rheology to the 12th annual course and conference. The conference aims as usual to cover all aspects of rheology and in 2003 special focus will be placed on "The Rheology of Suspensions and Emulsions". Topics within the theme will be covered by plenary lectures given by invited speakers. The conference venue is the "Nordic House" in Torshavn.

As usual students who present a paper or a poster can apply for The NRS Student Grant which amounts to 300 Euro. Also reduced rates are offered in general to students who participate in the conference.

Further information regarding the Nordic Rheology Conference 2003 will be available at the web address
